

S.W.A.T. TEAM
(Students Winning Against Tobacco)

Who We Are:

We are a peer education group made up of middle school and high school students working under the supervision of Texas Cooperative Extension in conjunction with a Texas Cancer Council grant. The grant's aim is to reduce tobacco use in rural communities.

What We Do:

Upon request, we can provide press releases and public service announcements (PSAs) related to tobacco use.

We do skits, presentations, and educational programs. We welcome coverage of such events and activities and can provide press releases and pictures.

Topics include: secondhand smoke, spit tobacco, smoking and youth, Texas law related to tobacco use, the cost of using tobacco and the consequences of using tobacco. We can provide information and activities for the Great American SmokeOut, Through With Chew, Red Ribbon Week, Kick Butt Day and other national events focusing on tobacco prevention. Team members are available to be scheduled for interviews.

How to Contact Us:

Contact _____ in _____ Extension office at _____.
